SCAFFOLDING

MINI MOBILE SCAFFOLD TOWERS

SAFEROOF FRAME FOR MULTI MOBILE SCAFFOLDS

FEATURES & BENEFITS

- Allows access to both the roof and side walls/fascia at the same time
- Provides a very quick and simple way to scaffold out full buildings while providing roof edge protection simultaneously
- This system allows for 500lb to be placed on every deck
- Stairways can be placed at any end to allow easy access for workers and materials
- Toeboards are required for platforms 9'10" or higher and outriggers for platforms over 6'6" high
- Some site regulations require toeboards on platforms regardless of height
